has always made her Korean-American father proud (even if he can be a little controlling). Meanwhile, Anna's brother, Steven, and his girlfriend, Lolly, are trying to weather an sexting scandal; Lolly's little sister, Kimmie, is struggling to recalibrate to normal life after an injury derails her ice dancing career; and Steven's best friend, Dustin, is madly (and one-sidedly) in love with Kimmie. As her friends struggle with the pitfalls of ordinary teenage life, Anna always seems to be able to sail gracefully above it all. That is...until the night she meets Alexia "Count" Vronsky at Grand Central. A notorious playboy who has bounced around boarding schools and who lives for his own pleasure, Alexia is everything Anna is not. But he has never been in love until he meets Anna, and maybe she hasn't, either. As Alexia and Anna are pulled

irresistibly together, she has to decide how much of her life she is willing to let go for the chance to be with him. And when a shocking revelation threatens to shatter their relationship, she is forced to question if she has ever known herself at all. Dazzlingly opulent and emotionally riveting, *Anna K: A Love Story* is a brilliant reimagining of Leo Tolstoy's timeless love story, *Anna Karenina*—but above all, it is a novel about the dizzying, glorious, heart-stopping experience of first love and first heartbreak.

Every cat thinks it is the master of the universe, and that is precisely what makes them so endearing to so many people. They skillfully wrap us around their little paws as they brush against our legs, telling us to please hurry up and fill up their

food bowls. They sprawl across our computer keyboards, purring loudly while we try to finish that important letter to the IRS. Whom else would we forgive for artfully shredding our expensive designer sofa, refusing to sleep anywhere but the head of the bed, and decimating the backyard bird population? A proper cat has its (human) can opener firmly under control, generally ignoring that human's wants and needs, but suddenly shows how cuddly and loving it can be when Mom or Dad is home sick or needs some comfort after a bad day. The bond between a cat lover and his or her four-legged-individualist is special and unbreakable, lasting a lifetime. This beautifully-illustrated volume is a love letter to the housecat who so enriches our lives. Take a look at the complex soul of a cat, with so many human qualities, and get

Russia, 1905. Behind the gates of the Karenin Palace, Sergei, son of Anna Karenina, meets Tolstoy in his dreams and finds reminders of his mother everywhere: the almost-living portrait that the Tsar intends to acquire and the opium-infused manuscripts she wrote just before her death, one of which opens a trapdoor to a wild feminist fairytale. Across the city, Clementine, an anarchist seamstress, and Father Gapón, the charismatic leader of the proletariat, tip the country ever closer to revolution. Boullosa lifts the voices of coachmen, sailors, maids, and seamstresses in this playful,
