For Principles of Management courses. The Practical Tools of Management Presented Through In-depth Practice Fundamentals of Management is the most engaging and up-to-date introduction to management resource on the market today. Covering the essential concepts of management, it provides a solid foundation for understanding the key issues and offers a strong, practical focus, including the latest research on what works for managers and what doesn't. The Tenth Edition has been updated with the latest coverage on hot topics such as sustainability, holacracy, the sharing economy, gamification, data analytics/big data, BYOD (bring your own device), and wearable technology. Engaging and fun videos and exercises motivate readers and give them the practice they need to become successful managers. Also Available with MyManagementLab™ MyManagementLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. NOTE: You are purchasing a standalone product; MyManagementLab does not come packaged with this content. If you would like to purchase both the physical text and MyManagementLab search for: 0134303172 / 9780134303178 Fundamentals of Management: Essential Concepts and Applications Plus MyManagementLab with Pearson eText -- Access Card Package Package consists of: 0134237471 / 9780134237473 Fundamentals of Management: Essential Concepts and Applications 0134240693 / 9780134240695 MyManagementLab with Pearson eText -- Access Card -- for Fundamentals of Management: Essential Concepts and Applications

Over the past decade, management practice has gone through dramatic changes. Workforce diversity, downsizing, reengineering, total quality management, outsourcing, and rediscovering the importance of satisfying the customer, all has a significant impact on Human Resources. The new Sixth Edition of De Cenzo/Robbins' Human Resource Management features a current, real-world perspective that gives readers a crystal-clear picture of what today's HRM is really like. Emphasizing the application of theory, the Sixth Edition carefully integrates real examples with the most up-to-date information available.

Whether the topic is understanding e-business, six sigma, workplace violence, knowledge workers, Internet job searches, or visionary leadership, Stephen Robbins and David DeCenzo cover it thoroughly and in a way that truly captures the issues facing managers in the twenty-first century. Its not enough just to know about management you have to possess the skills to match! With Robbins and DeCenzos new edition, youll learn so much about the real world of management, including: *Why Amazon.com is revolutionizing the book-selling industry *How SiloCaf, a coffee bean processing plant, uses sophisticated technologically-based controls to enhance productivity and ensure consistent quality in its work *Why companies like London Fog are struggling to survive *How teams at Hewlett-Packard redesigned a production process, cut waste, controlled costs, and increased productivity *New techniques that can make a university more efficient and responsive to its students

Introduction to management and organizations -- Management history -- Organizational culture and environment -- Managing in a global environment -- Social responsibility and managerial ethics -- Managers as decision makers -- Foundations of planning -- Strategic management -- Organizational structure and design -- Managing human resources -- Managing teams -- Managing change and innovation -- Understanding individual behavior -- Managers and communication -- Motivating employees -- Managers as leaders -- Introduction to controlling -- Managing operations

Management is a student-friendly text that incorporates solid management practices. With its accessible writing style, this tenth Canadian edition shows how management concepts are applied to students' everyday lives in an integrated way. Management distinguishes itself from other books by its strong coverage of small business and entrepreneurial ventures, as well as great visual delivery of material through effective application of charts, diagrams, and tables.

Provides a brief introduction to human resource management. This book focuses on the uses of human resources for the general population. A comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center make course preparation easy.

The Truth About Managing People offers real solutions for the make-or-break problems faced by every manager. Readers will discover: how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve hiring and employee evaluations; how to heal layoff survivor sickness; even how to learn charisma. This isn't someone's opinion; it's a definitive, evidence-based guide to effective management: a set of bedrock principles to rely on throughout an entire management career. The Rules of Management: They're surprisingly easy to learn and live by. Now, Richard Templar's brought them all together in one place. Templar covers everything from setting realistic targets to holding effective meetings; finding the right people to inspiring loyalty. Learn when and how to let your people think they know more than you (even if they don't) -- and recognize when they really do The first edition of The Rules of Management became a global phenomenon, topping bestseller charts around the world. This new, even better edition contains 10 brand new rules to take you further, faster.In Wired to Care, top business strategist Dev Patnaik tells the story of how organizations of all kinds prosper when they tap into a power each of us already has: empathy, the ability to reach outside of ourselves and connect with other people. When people inside a company develop a shared sense of what's going on in the world, they see new opportunities faster than their competitors. They have the courage to take a risk on something new. And they have the gut-level certitude to stick with an idea that doesn't take off right away. People are Wired to Care, and many of the world's best organizations are, too.
