Phlebotomy Notes: Pocket Guide To Blood Collection is an extremely informative and handy guide to have at your fingertips. As the name suggests, it's a pocket-sized guide which gives you quick access to the most important phlebotomy related information and procedures. And what sets this apart from all the other reference guides is that it's waterproof and reusable, meaning you can carry it with you in the lab, quickly jot down important notes (and wipe them off when done) and more!
