Reviewers tell us that Case/Fair/Oster is one of the all-time bestselling POE texts because they trust it to be clear, thorough and complete. Case/Fair/Oster readers also come away with a basic understanding of how market economies function, an appreciation for the things they do well, and a sense of things they do poorly. Readers begin to learn the art and science of economic thinking and begin to look at some policy and even personal decisions in a different way.

"Our goal in the 13th edition, as it was in the first edition, is to instill in students a fascination with both the functioning of the economy and the power and breadth of economics. The first line of every edition of our book has been "The study of economics should begin with a sense of wonder." We hope that readers come away from our book with a basic understanding of how market economies function, an appreciation for the things they do well, and a sense of the things they do poorly. We also hope that readers begin to learn the art and science of economic thinking and begin to look at some policy and even personal decisions in a different way"--

These two highly-respected authors have revised this best-selling book to include more current, modern subject matter and events while maintaining those features that have contributed to its great success. It continues to use stories, graphs, and equations and a unified, logical organization to make economic concepts easy-to-understand and relevant to all readers. Users of this book see the connection between growth, trade, comparative advantage, and the production possibilities frontier. When readers understand how a simple competitive market system works, they are ready to focus on problems of real-world markets. Currency data has been updated, with coverage of deflation, the effects of the war with Iraq and the war on terrorism, and the
