The Stillborn God is a book about what happens when you try to control what you don't really understand. Lilla claims that the problem is that people wanted to have it both ways: they knew you can't combine religion and politics, but they wanted to anyway and it worked until it got out of hand.

The Stillborn God: Religion, Politics, and the Modern West ...

The impact of religion on politics—particularly the invocation of divine authority to justify a specific social order—is an issue both interesting and complex. In *The Stillborn God*, Mark Lilla promises an episodic presentation of the rise and fall of political theology from sixteenth century England to twentieth century Germany.
